a unique and comprehensive overview of the field and its current issues cybercriminology
analyzes cybercrimes through the lens of criminology featuring an accessible
conversational writing style it first discusses traditional criminological theories of criminal

behavior and then analyzes how these theories the existing literature and empirical studies can be applied to explain cybercrimes the text also introduces students to types of cybercrime the nature and extent of cybercrime in the u s and abroad and victim and offender behavior in the online environment features real world case studies and examples demonstrate the extent and complexity of cybercriminology boxed features present compelling research topics and scenarios review questions stimulate classroom discussions an ancillary resource center contains an instructor s manual a test bank and powerpoint lecture outlines

this book develops a feminist and queer linguistic account of the construction of sex sexuality and desire through a linguistic and discursive analysis of naturally occurring sex talk from an online community critical discourse analysis is used to analyse a corpus of data drawn from incidental sex talk observed in the community over the course of an 18 month period sub types of sex talk that are examined include cybersex self disclosure confidences joking games flirting and automated sexual commands that generate sex between participants the book will be of use to students and researchers interested in the language of gender and sexuality as well as feminist and queer accounts of technology and sexual communication

this volume discusses the phenomenon of internet infidelity by looking at the psychological social legal and technological aspects involved in such behaviour the rise of social media as well as technological advancements that create real experiences online have made it possible for people to engage in multiple kinds of online relationships these create concerns about regulating such activities via national and international law as well as psychological and social concerns of understanding the overall impact of such behaviour therefore this volume which includes perspectives from across the world asks and addresses some fundamental questions does internet infidelity amount to cheating how is virtual infidelity different from actual infidelity what are the social interpersonal and psychological impacts of internet infidelity do people in different cultures view online infidelity differently what are the myths associated with online infidelity what are the various intervention measures or therapeutic techniques for treating people who are

addicted to cybersex or pornography the legal dimensions of internet cheating are equally important since adultery is considered as a criminal offence in some countries as yet there is no universally accepted definition of internet infidelity and legal perspectives become very important in understanding the phenomenon this volume includes grand theory approaches as well as detailed case studies and provides unique and multidisciplinary insights into internet cheating it is ideal for marital therapists counsellors criminologists legislators and both researchers and students

in mind over explicit matter dr trish leigh offers a step by step program to end porn addiction and heal the brain dr leigh integrates the latest neuroscientific research with easy to use techniques and strategies to help conquer habits and change lives mind over explicit matter is a groundbreaking and comprehensive guide meticulously designed to leverage the secrets of brain science to empower individuals in their journey to break free from the clutches of addiction to sexualized media leveraging the latest neuroscientific research and practical strategies this holistic step by step program offers a transformative experience that goes beyond surface level understanding through this book you will gain a deep understanding of the addictive nature of pornography unravelling the intricate workings of the human brain and how it is affected by prolonged exposure as a cognitive neuroscientist and certified sex addiction recovery coach dr trish leigh has dedicated her life to helping people heal their brains and overcome unhealthy addictions with empathy and compassion dr leigh acknowledges the societal judgment and shame that often accompanies these struggles while journeying through the insights she has pioneered with thousands of clients this roadmap for long term recovery filled with personal experiential stories and concrete brain hack activities will guide you through the process of rewiring your brain and cultivating healthy habits that support lasting change equip you with knowledge and practical tools to identify and avoid triggers enhance your ability to achieve sexual satisfaction and improve your sense of self awareness personal happiness and relational contentment whether you are personally grappling with pornography addiction or seeking to support a loved one on their journey this book is an indispensable companion for a healthier and more meaningful life

behavioral neuroscientists study the behavior of animals and humans and the neurobiological and physiological processes that control it behavior is the ultimate function of the nervous system and the study of it is very multidisciplinary disorders of behavior in humans touch millions of people s lives significantly and it is of paramount importance to understand pathological conditions such as addictions anxiety depression schizophrenia autism among others in order to be able to develop new treatment possibilities encyclopedia of behavioral neuroscience is the first and only multi volume reference to comprehensively cover the foundation knowledge in the field this three volume work is edited by world renowned behavioral neuroscientists george f koob the scripps research institute michel le moal universit  bordeaux and richard f thompson university of southern california and written by a premier selection of the leading scientists in their respective fields each section is edited by a specialist in the relevant area the important research in all areas of behavioral neuroscience is covered in a total of 210 chapters on topics ranging from neuroethology and learning and memory to behavioral disorders and psychiatric diseases the only comprehensive encyclopedia of behavioral neuroscience on the market addresses all recent advances in the field written and edited by an international group of leading researchers truly representative of the behavioral neuroscience community includes many entries on the advances in our knowledge of the neurobiological basis of complex behavioral psychiatric and neurological disorders richly illustrated in full color extensively cross referenced to serve as the go to reference for students and researchers alike the online version features full searching navigation and linking functionality an essential resource for libraries serving neuroscientists psychologists neuropharmacologists and psychiatrists

includes proceedings of the 54th 55th annual meetings of the association 1946 47 and proceedings of meetings of various regional psychological associations

sex mind and emotion is a collection of predominantly clinical papers exploring innovative work in the field the central tenet of the book is that sexual behaviour cannot be divorced from the emotional context in which it occurs or the meaning of that behaviour to the individual and therefore no chapter is about sex without also addressing mind and emotion the book uses a fusion of psychoanalytic systemic and cognitive theories in conjunction

with public service practice it deals with important and relevant topics such as the treatment of sex offenders the compulsive use of internet pornography the psychosexual development of adolescents growing up with hiv the psychodynamics of unsafe sex refugees and sexuality services for people with gender dysphoria psychological treatment for survivors of rape and sexual assault and loss of sexual interest

discusses the social effects of virtual infidelity on those in committedelationships analyzing how such affairs develop different types of sexualctivity on the internet and how to recover from cyber infidelity

in this pioneering investigation yongkuk chung measures the extent to which banner ad characteristics such as animation and pictorial representation impact traditional ad response measures such as recall and recognition 132 pp

this comprehensive collection offers a compendium of research on the design implementation and evaluation of online learning technologies addressing the challenges and opportunities associated with the creation and management of based applications and communities instructional design personalized learning environments and effective educational delivery provided by publisher

sexual offender treatment explores a range of current novel and controversial issues in the field of sexual offender treatment moving away from the average wisdom found in other treatment manuals or texts contributors to this book are speculative and provocative yet stick to information that is based on evidentiary findings chapter authors have been selected for their reputations as experts in their area providing a book that will be useful to a wide range of professionals and scholars
